ISC Board of Directors
Nominating Committee

Position of Interest: At Large Board Member – 2 year

Statement of Intent:

My family has been part of the ISC family since moving here in 2007 when I started coaching both of my girls at the rec level and micro level. To this day I remain close to many of the players and families that I met some 8 years ago and along the way. ISC Gunners differs than others clubs as it is more like a large family than just a club.

As part of the ISC Gunners family I believe we all have a desire to be part of a club where our children can excel and succeed, continuously be provided opportunities for growth, and be provided a safe, supportive environment for adults and teens to further their contribution as coaches or referees.

I hope to have the opportunity to contribute further in this role supporting ISC Gunners FC in their progression while not losing site of what makes this club exceptional.

My objectives in this board position will be:

- Continually improve how we support and communicate to volunteer adults and teens
- Further promote the ISC Gunners College Placement Program so high school players can visualize achieving their collegiate path
- Assist in facilitating the improvement and expansion of field space
